Bull & Female Sale

Sunday, June 6, 2010

1:00 p.m. at the Red River Livestock Auction

Sunday, June 6, 2010

Red River Livestock Auction

Ardmore, OK

Located at Exit 24 off I-35

Welcome ::::

We are as excited about this group of females and yearling bulls as any group we have ever offered to date. We have been breeding bucking bulls for over 30 years now and we still strive everyday to make them better.

Through the years we have figured out there is consistency in the production of the great cow families. So, we have basically sorted our cowherd down to those proven families. As you look at the pedigrees you will see what we are talking about; 85% of the offering goes back to seven great cows, 590, 755, 16, 418, 625, 205, and 10. The ones that don't go back to these females weren't bred here they were hand selected to bring in outcross genetics. You are buying proven genetics!

We have been very fortunate in the past several years to have had some incredible sales. The past year, like most other breeds of cattle and businesses, some of the markets have been a little softer. So with that in mind we have reached deep into the heart of our program to offer the best set of females possible. All markets fluctuate but you don't get many chances to buy the great females, so make your selections and buy the good ones. Good females will always prove to be the best buys.

Three years ago we started offering the top cut of our yearling bulls in this sale. This is the first year we have ever bucked our yearling bulls. HD selected the bulls on a combination of pedigree and their bucking ability. We will buck the bulls a second time prior to the sale and show that video sale day. The yearling bulls selling will be eligible to come back to the D&H and Buck Incentive Futurity next year which pays \$15,000 to the winner.

We would like to send out a huge thank you to the PBR and the ABBI for what they have done for our industry. We also want to thank the guys that work so hard to make it happen for us here at home every day; Johnny Allen, Jackie Hunter, Buddy Lewis, and our great neighbor Cliff Wiggins.

Study your catalog, look at the cattle, and feel free to contact us with any questions.

Don't miss an action packed weekend of Bucking Bulls. We look forward to seeing you Friday night at the Derby, Saturday at the American Heritage Futurity and at the Sale on Sunday.

Thanks for your interest,
D&H Cattle Co.

- D&H Cattle Company reserves the right to 200 units of semen on all bulls selling (calves & yearlings). D&H will pay the collection fees.
- D&H Cattle Company is not responsible for accidents.

YEARLING *bulls*

Lots 1 to 39 -

HD handpicked this set of yearling bulls out of 150 head. This is the first year we have ever bucked our yearlings. This set was selected by their performance on the first trip along with pedigree. We believe this is the best set of yearlings we have ever offered. We will buck these bulls a second time prior to sale day and will have those videos available for viewing prior to the sale. We breed to yearling bulls each year and no doubt there are several of these we wouldn't think twice about breeding to this year. So if that is something you are interested in please contact us.

D&H Cattle Company has been fortunate in the Futurity and Classic events the past four years. We know our claim to fame isn't Futurity bulls and that's not our main goal. We want bulls that can win in the Classics and make it in the PBR.

Several of these bulls are paid current for the 2011 American Heritage, and all of the yearling bulls selling are eligible for the 2011 D&H and Buck Incentive Futurity, which will be held following the 2011 American Heritage. Only the bulls selling in this sale will be eligible to compete in the Incentive Futurity which will payout over \$30,000.

Fifty percent interest is being offered in some of the bulls selling. If you purchase one of these bulls, D&H Cattle Company will provide feed, care, and management. The buyer pays 100% of the entry fees and 50% of all vet bills. The income will be divided equally. The buyer can breed to that bull for 45 days each year. If you are interested in purchasing 1/2 interest in a bull please contact HD, Dillon, or Jirl prior to the sale for more information and details. Sit back and enjoy!

2011 D&H and Buck Incentive Futurity Payout

An Entry Fee of \$200

1st Place - \$15,000

2nd Place - \$10,000

3rd Place - \$5,000 sale credit for purchase of a yearling bull.

REFERENCE *Sires*

A T03 Black Cat

REFERENCE BULL Reg. # 10056464 DOB: 4/16/07

• T03 Black Cat - 3 yr old black horned bull sired by Stray Kitty x 205-226 Oscar's Velvet Daughter.

This is a special mating you won't find anywhere else. You get pure athletic ability, heart and tons of kick from S5 Stray Kitty mixed with dependable proven genetics that date back to Oscar's Velvet. The Oscar's Velvet females have been an asset to our breeding program. This Velvet daughter has many offspring in production. T03 is stretched out long legged, really clean made with lots of muscle to hold it all together. He looks the part, has the fight and attitude that translates into heart in the offspring. On top of that he's only three years old and really bucks he'll be making his name in the classics for the next two years. When he's in his prime he will be very remarkable.

B 94T Hoop & Hollar

REFERENCE BULL Reg. # 10047358 DOB: 4/1/07

• 94T Hoop & Hollar - 3 yr old white horned bull weighs 1450 lbs. Sired by Scream out of a Western Wishes daughter. 94T

has been automatic from day one. He's done it in the gate to the left, he'll catch some air and kick over his head. He's got the look and the buck and proven producers to back it up on top and bottom. He's stacked up with Backlash, Mudslinger and Wishes three sires that have mold-

D 66T Hustlin

REFERENCE BULL Reg. # 10046078 DOB: 3/3/07

• 66T Hustlin - 3 yr old yellow & white paint with horns weighs 1600 lbs. Sired by 77 Super Duty out of a great producing

Copperhead daughter 16-132. 66T as a two year old was real special you could see early on he was going to be rank. He had all the rare, kick, heat, size and being out of a producing Copperhead daughter it was a no brainer to put him into production. We are very excited to see these calves perform. Recently I bucked with a rider and to say that I was impressed would be an understatement. You'll see yourself at the American Heritage Derby.

D 65T Back Ordered

REFERENCE BULL Reg. # 10046077 DOB: 3/3/07

• 66T Back Ordered - 3 yr old red & white paint with horns. 1500 lbs sired by Backlash out 05-106 a Western Wishes

daughter that's out of 205-226 an Oscar's Velvet daughter! 65T beat 150 top two year olds at Stephenville last year and placed at several other futurities. We've bucked him twice with a rider and he's stepped it up a notch. He'll turn to the right get in the air and kick hard. The pedigree is there Backlash, Wishes and Oscar's Velvet that's enough to make you feel confident he'll breed rank offspring but when you see him buck it puts the icing on the cake. Look for him at the American Heritage Derby 2010.

E 77 Jughead

REFERENCE BULL Reg. # 10061469 DOB: 3/1/07

• 77 Jughead - 3 yr old red & white spot with horns by Wrangler Renegade (Wrangler Sports Jacket x TW 53 by Page 01 sire

to Mudslinger. 77 placed at every event he was entered last year including winning \$100,000 at the American Heritage Futurity 09 and was the futurity year end champion. His bucking style is second to none. He jumps high, kicks hard and is making lots of rounds at the same time. We bucked him with a rider and he knocked out the same tracks with lots of air, kick and speed. His pedigree consist of three greats, 01 (sire to Mudslinger, Yellow Jacket and White Sports Coat. Very few are gifted enough to pull it off and have the heart to do it every time. These things are heritable traits you can bet 77's calves are going to be athletes. Everything lined up like it was supposed to we can't wait to see the next generation.

WRANGLER SPORTS JACKET (Yellow Jacket)

WRANGLER RENEGADE

TW 53 (Page 01)

F 491 Jacob's Pet

REFERENCE BULL Reg. # 10031565 DOB: 3/5/04

• 491 Jacob's Pet - Red baldy with horns weighs 1750 lbs sire by Hot Shot a former Futurity champion. The ABBI has grown

and the competition keeps getting tougher, the good spinners are a dime a dozen. We're going to have to raise bulls that can get in the air and kick at the flank. 491 is made right and has enough size and will breed the kick back into them. Due to a back injury his career was cut short but when one breaks over and extends himself the way he does their not going to be able to avoid injury no matter how good their put together. We feel confident you'll be very satisfied with his offspring. I recently bucked a yearling by him and he bucked just like him except he went to right

HOT SHOT

PAGE 1101-595

SHORT STACK (HOUDINI)

53 BLACK COW

G 486 The Closer

REFERENCE BULL Reg. # 10031044 DOB: 3/14/04

• 486 The Closer - six-year-old brindle horned bull weighs 1800 lbs. Sired by Crossfire Hurricane x A6 daughter out of 86 (the dam to Chaos) He's a big straight made dude that was really rank. We go him crippled early last year. He is real athletic and has all the heat you want. His style of bucking is up to par with what it takes today to breed rank bulls. He has the rare, drop and lots of kick. You'll get a double dose of A6, Junior and Broke Back V out of proven females. I think his calves will be something special.

H 70T Bad Cat

REFERENCE BULL Reg. # 10050840 DOB: 4/21/07

• T07 Bad Cat - three-year-old red horned bull sired by S5 Stray Kitty x 205-226 Oscar's Velvet daughter. He's a flush

mate to T03 Black Cat. He's made right and will be a super star. T07 has the most potential of any bull I think we have ever raised. He has all the tools. If he can avoid injury you'll have offspring on the ground next year by the potential Classic Champ. He's that good. You won't hear me make many predictions like that but T07 is that impressive. Look for him at the American Heritage Derby 2010.

DOB: 4/21/99

- Exposed to T07 Bad Cat & Party Time.
- Here is the dam to Lil Slinger who was destined to be a great one. He had the snap and kick that Muddslinger had prior to injury. We continued to buck him crippled and he still had days of greatness but he couldn't do it consistently, unsound.
- She is also the dam to 66T a three year old which we bred to and believe is going to be a star.
- Every female out of her has produced a buckler.
- It's simple she doesn't miss!!
- LOT 99A - 101X** - Bull sired by Showtime; 10113968; calved 4/7/10.
