WELCOME ::::

Welcome to D&H Cattle Company's Bred to Buck Sale!

We have been breeding Bucking Bulls for 30 years and we still have that same burning desire to produce the next superstar. We realized years ago that to consistently produce great bucking bulls they must be backed by great dams. Our cow herd is as good today as it ever has been but we still want to make it better.

This offering comes right out of the heart of our program. These females are young and in the prime of their life. If you look back at our previous sales, you will see we sell females that produce the great ones. The 2010 American Heritage Futurity Champion's dam sold right here! These females are bred to produce and here for the taking!

Four years ago we started offering the top cut of our yearling bulls in this sale. HD selected the bulls on a combination of pedigree and how they bucked. We will have videos of the bulls bucking on our web site prior to the sale and available for viewing sale day. The yearling bulls selling will be eligible to come back (only the yearling bulls selling will be eligible) to the D&H and Buck Incentive Futurity next year which pays \$15,000 to the winner.

We would like to send out a huge thank you to the PBR and the ABBI for what they have done for our industry. We also want to thank the guys that make it happen for us here at home every day; Jackie Hunter, Buddy Lewis, KJ Pletcher, Johnny Allen, and our neighbor Cliff Wiggins.

Study your catalog, look at the cattle, and feel free to contact us with any questions.

Don't miss an action packed weekend of Bucking Bulls! We look forward to seeing you at the sale and the American Heritage Futurity & Derby.

Thanks for your interest,
D&H Cattle Company

BULLS

LOTS 1 - 63

HD handpicked this set of yearling bulls out of 200 head. They were selected by their performance and pedigree, We believe this is the best set of yearlings we have ever offered. We will have those videos available for viewing prior to the sale. We breed to yearling bulls each year and no doubt there are several of these we wouldn't think twice about breeding to this year. So if that is something you are interested in please contact us.

D&H Cattle Company has been fortunate in the Futurity and Classic events the past four years. We know our claim to fame isn't Futurity bulls and that's not our main goal. We want bulls that can win in the Classics and make it in the PBR.

Several of these bulls are paid current for the 2012 American Heritage, and all of the yearling bulls selling are eligible for the 2012 D&H and Buck Incentive Futurity, which will be held following the 2012 American Heritage. Only the bulls selling in this sale will be eligible to compete in the Incentive Futurity which will payout over \$30,000.

Fifty percent interest is being offered in some of the bulls selling. If you purchase one of these bulls, D&H Cattle Company will provide feed, care, and management. The buyer pays 100% of the entry fee and 50% of all vet bills. The income will be divided equally. The buyer can breed to that bull for 45 days each year. If you are interested in purchasing half interest in a bull please contact HD, Dillon, or Jirl prior to the sale for more information and details. Sit back and enjoy!

- 011 Lost Hotel- Is sired by the great Showtime bull and out of S55 a Hotel California Daughter. Showtime is a many time PBR finals bull and PBR short round bull. He was outstanding and so are his calves. His Dam S55 is the full sister to PBR superstars Check Out, and Early Bird. This calf is bred to be nothing other then a superstar with a bloodline that is hard to get. Watch the jump and the kick this bull gets!!!! Currently paid up in 2012 American Heritage Futurity.

40 SHORTY X 393-484 (Mudslinger X 93-167 (Copper Top))

Black & white spotted bull that will weigh 1700 lbs. He's been featured in the short go at the PBR BFT series. This bull has the kick and gets in the air like we're all looking for. The athletic ability is there for sure. His offspring should be special.

Reference **C** **U28**

Straight Jacket X 255-152 (Mudslinger X 755-113)

This bull got crippled real bad about the 3rd time I bucked him. He's going to get ok and we'll be a short rounder one day. He kicked and spun real fast. Looking at his pedigree and his athletic ability, conformation and attitude we felt like we couldn't go wrong.

Reference **E** **T07 BAD CAT**

Stray Kitty X 205-226 (Oscar's Velvet)

Red horned bull by S5 Stray Kitty. As a futurity calf he had all the action in the world. He crippled himself when he was three, the first time he was bucked with a rider. He turned back to the right and jumped him and kicked the lights out. He dam is a great producer mixed with the athletic ability from S5. This cross is one we're really excited about.

Reference **B** **58T FLYIN' TRAIN**

347 CRAZY TRAIN X 325-478
(Hotel California X 25-124 (Broke Back V))

Four-year-old brindle that will weigh 1,700 lbs. He's been stand out from day one. He won as a futurity calf, won the ABBI Wildcard and has been successful in the classic events. He's big and strong with lots of kick and gets in the air. These are traits we have to breed to stay competitive in the bull competitions today.

Reference **D** **44W**

194 Smooth Move X T2
(Straight Jacket X 521-174 (Mudslinger x 21-156 (Roughwater))

521 is the dam to PBR bull Frosty. This two year old Smooth Move son has been outstanding from day one. He has never failed. He's in the gate to the left and leaping in the air just like Smooth Move did. He's got everything you could ask for in a bucking bull. Look for great things in the future from 44W.

Reference **F** **4205 VELVET SLINGER**

790 MUDSLINGER X 205-226 (Oscar's Velvet)

Red brindle horned bull he'll weigh 1600 lbs. He's been a great bull for a long time. He'll turn back, kick and spin every time. He's been to the NFR and PBR finals. Mudslinger over Oscar's Velvet this cross is sure to work. Proven top and bottom.

This set of yearlings we selected based on performance and pedigree. We feel like each year our program improves. We've made an effort every year to add traits that up the athletic ability and size without compromising any heart. These seven yearlings are as good as any we've ever raised. These bulls I marked from 22.5 to 23.5. They got in the air and kicked, you can get in on the ground floor.
