BRED to BUCK

Female Sale

Welcome to D&H Cattle Company's Bred to Buck Sale!

Welcome to our 2014 Bred to Buck Sale.

This sale is no doubt one of the highlights of our year. We have a true passion for the bucking bull business and we know that the females are the key to consistently produce the great ones.

We have rigidly culled our cowherd keeping the cow families that steadily produce the elite bucking bulls. When you look through this catalog take notice of the cow families and proven sires. There are females that have produced Champions and Short Round bulls, but there are many that are young and haven't been in production long enough to prove themselves. We are giving you the opportunity to reap the benefits of these great young females.

We are proud of the success our customers are having with the females they have purchased in our past sales. They have proven these females really click when mated to outside herd sires and that the calves along their side are some of the very best we own.

The Bucking Bull industry has continued to grow and there are more opportunities for a bull to win money today than ever before. Just remember behind every great bull is a great female.

We want to say a special thank you to the guys that make this program operate daily, Jackie Hunter and Rooster Gilstrap. These guys go the extra mile to make it all happen everyday. We appreciate you!!
