# BRED TO BUCK

**Bull & Female Sale**

## WELCOME TO THE BRED TO BUCK SALE!

Welcome to the D&H Cattle Company Bred to Buck Sale. This sale is the highlight of our year. We have been breeding Bucking Bulls for 30 years and each year we have worked to make our program stronger. We believe this is the best set of cattle we have ever offered.

It is a proven fact that great females are the backbone to any program. We have spent years identifying the superior females and have built around these cow families. Cows like 590-229, 755-113, 36-109, 418, 625-227, 200-151, 205-226, and 13-102 have been a key ingredient to our genetic base. These cow families have been mated to the best bulls we owned each year. It has worked for us and we are giving you the opportunity to buy the proven predictable genetics.

These females selling come right out of the heart of the herd. They are young (only eleven head over five-years-old) and they have a long life ahead of them. We have bulls out of several of these females, and also full brothers to many of them that we will be hauling in the next couple of years. There is a good chance we will prove your female to be a producer. This set of bred heifers is second to none!

Again this year we have sorted an elite set of unbucked yearling bulls to offer. This is a powerful set of bulls that were bred to be super stars. These bulls will be eligible for the D&H and Buck Incentive Futurity, which will pay \$30,000 plus to the winner.

In April we held our Annual Bucking Bull Sale and sold 70 head of Bulls. We held five of our best breeding bulls for this female sale. In those five is 13 Big Deal the 2004 Classic Finals Champion and the 2005 Classic Finals Reserve Champion, and 13 Dobber a former PBR star.

We would like to send a big thank you to the PBR and the ABBI for making the Bucking Bull business what it is today. Also our program would not function without great help thanks to Johnny Allen, Jackie Hunter, Buddy Lewis, and Cliff Wiggins.

Come spend the weekend in Ardmore, Oklahoma watch the American Heritage Futurity on Saturday and come to the Sale on Sunday. If we can be of any assistance prior to or following the sale please feel free to contact us.

Thank You,  
 D&H Cattle Company

### ACTIVITIES ....

#### *Friday, May 30th*

10:00 am to 5:00 pm American Heritage Futurity Bull Check-In  
 6:30 pm American Heritage Futurity Dinner & Banquet at Hardy Murphy Coliseum Q&A for American Breeders Trust after American Heritage Futurity Dinner

Page Breeding

- AI bred to Stray Kitty 5/01/08.
- Here is a sale feature.
- Sired by Driller a outstanding Super Dave son that had a career ending injury. But because of his Bucking ability we kept for a breeding bull. There is no semen on 01 Super Dave the sire to Mudslinger. We were attempting to recreate the same cross as Mudslinger.
- 590-228 is also the dam to Mossy Oak Mudslinger.

• We sold a maternal sister to this female last year for \$62,500. She is now in a ET program and flushing very successfully.

• She is a natural calf this is the only one ever by Driller.

## LOTS 96 TO 133

are all unbucked yearling bulls. Last year was the first year for us to offer a group of yearling bulls. We have hand selected these bulls for this sale and trust us they are not the culls. We want to start selling yearlings each year and we are bringing some great ones to town. These bulls are bred to buck. Look at the genetics. It will be hard to find a set of bulls you can buy that are bred like this. They are not just bucking bulls, these bulls will be elite breeding bulls. We breed to yearling bulls every year!

The ABBI futurity and classic events have been successful for four years now with more events being held each year. This year the Champion Classic Bull will win \$250,000 and the Champion Futurity Bull will win \$100,000. Plus several of these are paid up current in the American Heritage Futurity, which will pay \$100,000 to the winner. These yearling bulls are going to have an opportunity to compete for over \$500,000 between now and their four year old year.

These yearling bulls selling in this sale will be eligible 2009 Incentive Futurity, which will be held following the 2009 American Heritage Futurity. Only the yearling bulls selling will be eligible for this Futurity, which will pay out over \$30,000. It's no secret we don't breed for futurity bulls we breed for bulls that will compete at the classic level and perform at the professional level. If our bulls win as twos that's just a bonus, because we don't expect it from them until they are three and four.

There are a few bulls which we are selling 1/2 interest in. If you purchase 1/2 interest in a bull, D&H Cattle Company will provide feed, care, management, trucking and 50% of the vet bills. The buyer pays 100% of the entry fees and 50% of all vet bills. The buyer can breed to the bull 45 days each season. If you are interested in purchasing 1/2 interest in a bull please contact Dillon, HD, or Jirl prior to the sale for more information and details.

### **2009 D&H and Buck Incentive Futurity Payout. (Entry fee of \$200)**

1st Place \$15,000	4th Place \$1,000
2nd Place \$10,000	5th Place \$1,000
3rd Place \$5,000	

*\*Only the yearling bulls selling in the 2008 Bred to Buck Sale are eligible.*

- 1,650 pound brindle motley face with horns.
- 13 won the title as the ABBI Champion Classic Bull in 05 and was the Reserve Champion I 2006 second only to S5 Stray Kitty. His style of bucking leaves no room for the imagination. He gets in the air and kicks over his head and spins and does it in the gate. His performance in the arena is no secret.

His offspring are already making waves as well as showing the same style as their old man. We have one of his two olds in the American Heritage this year and we feel like he has a great shot to be a champ. This is a great opportunity to own a champion breeding bull.

(PAGE 111)

we got to buck him again and he really bucked but hurt his back. I tried to nurse him back to health but the back injury he suffered was too severe to buck him again. He would have been a "Superstar". Check out his pedigree he's out of an own daughter of Broke Back V by the rankest A6 son we ever raised. Double bred Super Dave with Broke Back V and A6 thrown in. I think he'll cross well in any program.

- 14 Double Shot - 1,600 pounds of white muley (de-horned).
- 14 was one of the biggest let downs since we been in the business. Ones like him don't come around very often and when they do you hold your breath every time you buck him. 14 had really good horns we fought infection for over a year before we finally cut them off, after he was at the vet for 6 months

long backed, get in the air and know how to throw their weight around. We've just bucked two year olds out of the first Holy Moly heifers and they were as equally impressive as the own sons. I look for 205 offspring to make headlines in the near future

- 1,800 lbs. red and white spot with horns.
- 205 is by 22 Roughwater which is a maternal brother to Hotel California and out of 7205 a Super Dave daughter out of an Oscars Velvet dam. On paper he's the deal but his calves are just now starting to mature and they are the real deal. Holy Moly is going to produce rank bulls. They get big their

# B 5 S5 STRAY KITTY

*Reference* **REFERENCE BULL**  
Reg. # 10014657

DOB: 2/14/02

- 5 VS (Stray Kitty) was a ABBI Futurity and Classic Champion. He weighed 1,480 lbs. Recently S5 passed away due to infection that set in after surgery. His will to live was apparent just as his will to win was apparent in the arena. He had that don't give up attitude it takes to be a champ. His offspring will only be offered sparingly from now on.

We bucked the first S5 calf recently and he was awesome, in the gate with a lot of speed and kick. Stray Kitty offspring are going to step up the game you can mark my word on that so don't miss out this year it will be the last chance to get some in your herd.
