Welcome to D&H Cattle Company's Fall Female Sale

Welcome to the fourth annual Fall Female Sale. We have spent years breeding Bucking Bulls and strive to run our cow herd like any other purebred breeding program. We strive to keep accurate records of performance and productive cow families. We have rigidly culled out the cow families that we believed were not producing bulls up to our standards. We hate seeing these females go but we can't keep them all and we want to offer you our best genetics.

The past few years we have been overwhelmed with the success stories we have received from our past customers who have purchased bred females. We have 100% confidence in these females and look forward to hearing how they work for you.

We would like to send out a huge thank you to the PBR and the ABBI for all they have done for our industry. We also want to thank Jackie, Rooster, and their families for their hard work and dedication to this operation.

Once again, this year's sale will be held at Sycamore Springs Ranch at Locust Grove, Oklahoma. We want to give a special thanks to Jerry Rush for his hospitality. Sycamore Springs Ranch is a first class facility operated by first class people.

This will be a big weekend in Locust Grove so make plans to attend all the activities.

Thank you for your interest,

D&H Cattle
